Tao Bin – The Robotic Barista

## 24/7 ROBOTIC CAFE

- START YOUR DAY WITH TAO BIN •

Tao Bin – The Robotic Barista is the only robotic AI vending machine that offers more than 180 beverages in Malaysia, all in ONE square meter.

The sales of Tao Bin beverages have surpassed 7,000,000 cups per month in Thailand with record-breaking exponential growth!  
Soon, we can all enjoy Tao Bin beverages in Malaysia.

Tao Bin is the No. 1 favourite AI robotic vending machine with something delicious and refreshing for everyone. Tao Bin has set new heights as the best unmanned compact café offering both cash & digital payments, suitable for any highway rest areas, petrol stations, offices, factories, commercial buildings, hotels and resorts, educational institutions, government buildings, business premises, transportation hubs and even private events and private homes.

Each Tao Bin drink is meticulously formulated with the best quality ingredients approved by drink experts and baristas to produce the most premium taste, texture and aroma to bring the highest satisfaction to the palates of our customers.

Tao Bin's groundbreaking patented AI Robotic technology ensures the highest standards of hygiene and quality control for best assurance to our Tao Bin loyal customers.

Tao Bin is a proven excellent crowd puller to increase customer traffic and sales at business premises. Tao Bin provides never-before convenience to any premises with limited access to beverage outlets and enhances unmanned services to the guests of hotels and resorts after closing hours. No more running out of basic needs like ice, soda and water in the wee hours.

Did a brilliant Tao Bin idea just pop up in your mind? Let's explore the possibilities!
